

# PHILIPS

## Transcription headphones

Stethoscope-style

Lightweight design

3.5 mm connector

3 meter/10-foot cable

ACC0232

## Outstanding audio quality

### with Philips transcription headphones

The lightweight stethoscope-style headphones use a dual tube design and a center mounted dynamic speaker to deliver sound effectively through both chambers. The hinged, fully adjustable design and the plastic ear tips provide a comfortable fit and minimize the impact on your ears. The extra-long cable (3 m/10 ft) gives you the freedom to move around..

#### Superior audio quality

- Professional headset that enables concentrated transcription in busy office environments
- Neodymium magnet enhances sensitivity and sound quality

#### For optimal results

- Lightweight design improves comfort for prolonged use
- Under chin style to fit all ears for better comfort
- 3 meter/10-foot cable for freedom to move about your desk area

# Highlights

## Everything you need

Philips accessories are designed to help you make the most of your Philips dictation devices. They guarantee optimal results and ensure that your Philips products enjoy a long life.

## Neodymium magnet

Neodymium is the best material for producing a strong magnetic field for greater sensitivity and higher overall sound quality.

## Lightweight design

The durable, lightweight quality materials enhance comfort for extended wearing.

## Under chin style

Designed for an under-the-chin fit for better comfort.

## 3 meter/10-foot cable

The 3 meter/10-foot cable gives you the freedom to move around your desk area without having to remove your headset.
