PHILIPS

PocketMemo

Voice Recorder

- Digital
- Push-button operation
- Two microphones
- SpeechExec software

DPM6000

First-class recording

with outstanding ergonomics

The PocketMemo Voice Recorder takes dictation to a new level. Two microphones deliver superior audio quality for your dictations. Its robust yet lightweight stainless steel design offers perfect ergonomics for working over longer periods of time. Power saving features and a high capacity Li-ion battery offer extended recording time and easy charging through a standard USB connection.

Superior audio quality and design

- Two microphones for superior stereo audio recordings
- Convenient push-button for professional recording control
- Robust stainless steel casing for extra durability

Enhance your productivity

- SpeechExec workflow software for efficient data management
- Large color display and intuitive user interface for easy, convenient operation
- Light sensor and Li-ion battery for extended use

Designed for professionals

- Priority setting for getting urgent jobs processed first
- High recording quality in DSS and MP3 format
- Optional docking station and foot pedal for hands-free dictation and transcription even without a computer

Highlights

Superior audio quality

The built-in microphones deliver superior stereo audio recordings. The crystal clear recordings are perfectly suitable for speech recognition.

Professional recording control

The recorder is designed for single-handed operation of all recording and playback functions, allowing easy and quick file editing (insert, overwrite, append) via convenient push-button operation.

Robust and ergonomic design

The asymmetrical and ergonomic shape fits perfectly into your hand. Its slim and lightweight design maximizes comfort, even when working over longer periods of time. The stainless steel creates a robust and highly durable protective shell around the device. The device is shockproof according to US military standard 516.6.

SpeechExec workflow software

The SpeechExec Dictate software organizes the workflow of dictation files and resulting documents between author and transcriptionist, and allows you to monitor the status of your work.

Large color display

The large full-color display offers sharp images, making it easier to see everything at first glance. The clear user interface is optimized for easy, intuitive operation.

Extended battery life

The high-capacity Li-ion battery can be easily charged through a standard micro USB jack. The integrated light sensor guarantees extended battery life, up to 50% longer than competition. The smart technology adjusts the brightness of the display, ensuring that your recorder will always be ready to work when you are.

Priority settings

With the included priority setting option, urgent recordings can be processed first. This makes sure important recordings are not overseen and helps you and your transcriptionists manage your workloads better.

DSS and MP3 recording

The DSS format was developed for the use in digital voice recorders, achieving a high compression ratio with little loss of quality. The DSS format also allows you to store additional information in the file header, which facilitates the organization and the transcription of dictation files. The MP3 format is the common audio format for consumer audio storage, as well as a de facto standard encoding for the transfer and playback on digital audio players.

Optional docking station

The stable and practical Docking Station provides speedy charging and automatic transfer of your recordings to your computer. With the optional foot pedal connected, the docking station even enables hands-free recording and transcription without a computer.

Specifications

Connectivity
Headphones: 3.5 mm
Microphone: 3.5 mm
USB: micro USB 2.0
Docking connector
Memory card slot

Display
Type: color TFT
Diagonal screen size: 2.4 inches / 6.1 cm
Resolution: 320 × 240 pixels

Storage media
Exchangeable memory card
Memory card types: SD/SDHC, up to 32 GB
Mass storage class compliant
Data transfer speed: 6.75 MB/s read speed, 5.0 MB/s write speed

Audio recording
Recording format: DSS (Digital Speech Standard), MP3, PCM
Built-in microphones: 2 omnidirectional microphones for stereo recording
Recording modes: DSS QP (.ds2/mono), DSS SP (.dss/mono), MP3 (.mp3/stereo), PCM Voice (.wav/mono), PCM Stereo (.wav/stereo)
Bit rate: 13.7 kbit/s (DSS SP), 28 kbit/s (DSS QP), 192 kbit/s (MP3), 353 kbit/s (PCM Voice), 705 kbit/s (PCM Stereo)
Edit modes: insert (DSS), overwrite (DSS, MP3, PCM), append (DSS, MP3, PCM)
Recording time (4 GB memory card): 700 hours (SP), 350 hours (QP), 50 hours (MP3), 27 hours (PCM Voice), 13 hours (PCM Stereo)
Sample rate: 44.1 kHz (MP3), 22.05 kHz (PCM), 16 kHz (DSS QP), 12 kHz (DSS SP)

Sound
Speaker type: built-in round, dynamic speaker
Speaker diameter: 28 mm
Acoustic frequency response: 300 – 7500 Hz
Speaker output power: > 200 mW

Power
Battery type: Philips rechargeable Li-ion battery ACC8100
Battery capacity: 1000mAh
Battery lifetime: up to 30 hours of recording (DSS mode)
Standby time: more than 200 days
Charging time (full charge): 3 hours

System requirements for Philips SpeechExec software
Processor: Intel dual core or equivalent AMD processor, 1 GHz or faster processor
RAM: 4 GB (64 bit)
Hard-disk space: 100 MB for SpeechExec software, 4.5 GB for Microsoft .NET Framework
Operating system: Windows 11 Pro/Enterprise
Graphics: DirectX-compliant graphics card with hardware acceleration recommended
Screen resolution: minimum 1024 × 768 px with 100% DPI scaling, maximum 3200 × 1800 px with 150% DPI scaling
Sound: Windows-compatible sound device
Free USB port
Internet connection for required software activation
Headphone output or speakers

Green specifications
Compliant to 2011/65/EU (RoHS)
Lead-free soldered product

Operation conditions
Temperature: -5° – 45° C/23° – 113° F
Humidity: 10 % – 90 %, noncondensing

Dimensions
Product dimensions (W×D×H): 53×123×15 mm / 2.1×4.8×0.6 inches
Weight: 117 g/4.1 oz including battery and memory card

Package contents
PocketMemo digital Voice Recorder
Memory card
Rechargeable battery
USB cable
Pouch
SpeechExec Basic Dictation Software (2-year subscription included)
Quick start guide

Available accessories
Philips Rechargeable Li-ion Battery ACC8100
Philips SDHC Memory Card ACC9008
Philips Telephone Pickup Microphone LFH9162
Philips Meeting Microphone LFH9172
Philips Docking Station ACC8120
Philips Foot Pedal LFH2210
